Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for fiscal year ended December 31, 1958, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of \$5,905.79, less a revenue surplus of \$1,570.08, resulted in a net budget deficit of \$4,335.71.

Summary of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1958, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurers' balance as of December 31, 1958, is indicated in Exhibit B-2.

Statement of Long Term Indebtedness: (Exhibit H)

A statement of outstanding long term indebtedness as of December 31, 1958, showing annual debt service requirements, is included in Exhibit H.

AUDIT PROCEDURE

The accounts and records of all town officials charged with custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as in-

licated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Deficit:

It is noted that the current deficit (excess of current liabilities over total assets) increased from \$1,429.30 to \$3,971.31, during 1958, as shown herewith:

	Dec. 31, 1957	Dec. 31, 1958
Current Liabilities	\$49,568.40	\$60,035.00
Total Assets	48,139.10	56,063.69
	<hr/>	<hr/>
Current Deficit	\$1,429.30	\$3,971.31

Provision should be made in the 1959 budget for an appropriation to cover the current deficit of \$3,971.31.

Net Overdraft of Appropriations and Application of Municipal Budget Law:

As indicated by the budget summary (Exhibit A-4), there was a net overdraft of appropriations of \$5,905.79. In other words — total expenditures exceeded total appropriations by this amount. Inasmuch, however, as an overdraft in the overlay account of \$1,377.59 is included in the net overdraft, the actual net overdraft of budgetary appropriations amounted to \$4,528.20. (\$5,905.78—\$1,377.59).

In accordance with the provisions of the Municipal Budget Law (R.S.A. Chapter 32) application was made to the Tax Commission by the Board of Selectmen, with the approval of the Budget Committee, for a certificate of emergency authorizing the expenditure of \$4,600.00 in excess of budgetary appropriations. This authority was granted by the Commission.

Town Treasurer's Surety Bond:

The surety bond of the Town Treasurer should be increased from \$10,000.00 to \$15,000.00, in order that the amount of the bond may be more commensurate with the amount of funds in the custody of the Treasurer.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of finding and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Bow for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

Edgar O. Pesquera, Auditor
Dumont W. Bailey, Accountant

HAROLD W. HOWE,
Forest Fire Warden.

You Can Help Prevent Forest Fires

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning — brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc., cut on your property. Eliminate the hazard of burning yourself. It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty. Use your town dump.

Number of local fires, 3.

Number of acres burned, 1¼.

Number of permits issued, 162.

THOS. J. KING
District Fire Chief

HAROLD W. HOWE,
Forest Fire Warden

REPORT OF THE BOW VOLUNTEER FIRE DEPARTMENT

TO REPORT A FIRE, CALL 5-6011

For information or any other calls, Call 4-1810

As the years go by and your Volunteer Fire Department grows older, the members do also, and much to our sadness death calls more often. This past year we have lost two of our Charter Members, William A. White and Wilbur H. Vaughn. They were hard and able workers, not only in the Fire Department but in many phases of the Town activities. We miss them both a great deal, not only for what they did but for their friendships, good advice and judgment.

It has been a busy year. We answered 23 calls during 1958. There were 8 chimney, 1 truck, 3 brush and 3 house fires; 1 rubbish, 1 junked car, 1 run to the town

dump and 1 unnecessary call, 1 run to wash gasoline off the road at a fatal car and truck crash. We went to the Concord Fire Dept. Headquarters twice to cover in during bad fires in Concord and we were called out for a drowning in the Merrimack River. We called on Concord twice and Loudon once for their tank trucks. Many thanks to both.

The gross loss on the fires was \$9,175.00. The insurance paid \$8,600.00 leaving a net loss of \$575.00 for the year.

We have held drills most every Wednesday night this past year, out of door during the warm weather with several held at the new Public Service Co. plant on the River Road. Indoor drills and training films took place during the winter.

Twelve members of the Department completed a course in Radiological Detection, given by Mr. George W. Morrill of Bow. Second Deputy Roland S. Robinson is in charge of the group and we have 5 sets of Radiological Detection Instruments that were presented by the N. H. State Board of Health.

Six firemen, Lt. Chip Bailey, Paul Lindquist, James Goodwin, Neil Ordway, Dave Hoyt and Dave Welch were given a rugged course in Forest Fire Scouting and Mapping by Deputy Forest Fire Warden Bill Colby. At the conclusion of the course these men were all presented with a Forest Fire Scout badge by District Chief Thomas King of the N. H. State Forestry Dept. He also presented them with forest green uniform shirts, a present from the Ladies Auxiliary. These men are available for Forest Fire Scouting wherever needed.

The wiring to the standby generator in the station is complete and the generator is ready to operate anytime in case of loss of power.

We have also installed a water pump in the cellar and piped it to the brook. It is used to fill the tanks on the fire trucks.

The water tank on Engine One developed several leaks due to age. With the help of Captain Earl Lamora and his welding machine, we built and installed a new one.

We obtained a roll of surplus telephone wire through Civil Defense and a pair of old hand cranked telephones from Walter Kennedy and ran a telephone line to the town dump from the station. Now in case the dump fire gets out of hand, the caretaker, who by the way is doing a fine job there, can call the Station for help and get it fast.

The Department has purchased an Aqualung and we hope to have several men trained in the use of it for emergency work, such as drownings.

With funds from the Town appropriation we purchased a length of 2½ inch suction hose for each truck, a thirty-two foot extension ladder and put new tires on Engine One. The old ones were over thirteen years old.

Our thanks to the Ladies Auxiliary and especially the Fire Lunch Committee and the ladies who call out the men and cover the Fire Phone and Fire Dept. Radios when needed, a good job well done.

Please remember, IN CASE OF FIRE, CALL 5-6011, but all other calls to the Community Building use the 4-1810 line.

HAROLD W. HOWE, Chief
L. R. BAILEY, Sec.-Treas.

BOW PLANNING BOARD

The Planning Board reports the following progress for the past year:

An aerial map of the area adjacent to the new Community Center was purchased to better plan for future development of this area.

Work has been started on the charting of town roads as to surface, condition, etc., in order to have a more complete and permanent picture of improvements derived from each year's work.

The Planning Board has proposed the renaming of the Robinson Road to the Vaughn Road, in memory of Wilbur H. Vaughn for his untiring efforts in behalf of the town.

The Board is striving for some sort of ruling concerning the appearances of the gravel pits.

It is the desire of the Board to plan wisely for the present and for the future and therefore would welcome any suggestions as to how we may serve.

ANNUAL REPORT OF BAKER FREE LIBRARY

"Books are bridges to adventure for the whole family."

This quotation certainly applies to the Baker Free Library for the year 1958. More and more adults with their children have been coming to the library for books. The adults have been looking for recreational reading and information. The school children have joyfully pounced on books that fit their reading abilities; while the littlest ones have enjoyed the picture books.

The library staff has been delighted with all the different interests. We have had 136 adults and 245 juveniles register with us. Of course this resulted in larger circulation figures. For the year we have 14,176

books, a gain of 2,700 over last year. This has kept your staff on their toes. Mrs. Virginia Brown, in charge of circulation, and Mrs. Helen Robinson, in charge of displays and mending, have been a great help to me this year. All these books could not have been handled except for their aid. Our magazines have circulated very well and Mrs. Robinson has sent 93 mounted pictures for use by the teachers at the school.

Our activities have been many and varied. Your librarian has spoken at four meetings this year; explaining what our library service is, what we want it to be, and displaying and talking about new books. The meetings were with the Tokalot Club, Grade I at Bow School, the Methodist Men's Brotherhood and the Mother's Club.

At the last town meeting we had a big display of books, showing everything from mysteries, westerns, love stories, serious novels to beautiful nature books, atomic power, rockets, biographies, travel and books on history. The juvenile books followed along the same lines. This interested so many people that the library trustees voted to have this done every year. Please meet and look for us this year.

We have had special decorations in the library for all holidays and in-between-times; all tied in, of course, with books to read on the subject.

We have been very happy to cooperate with the teachers at Bow School and large collections of books have been sent. Also, the teachers have sent their reading lists. We hope through the coming year to buy more books that they have requested.

The Bow School Library club, consists of the 7th and 8th grade girls, are being taught in a series of lessons how to file, find books, mending and proper library procedures. Some classes are held at school, but mainly we are working in the library itself. Those who complete the course and pass an examination will receive recognition at graduation.

The state bookmobile comes about every eight weeks and through them we try to fulfill requests for special materials and books. One collection consisted of books on all kinds of handicrafts. Just ask about anything you're interested in. We are waiting to help you.

The library is open 2:00 to 5:00 p. m., on Wednesday and Saturday. During school summer vacations our hours are 2:00 to 5:00 p. m. on Wednesday and 7:00 to 10:00 p. m. Friday evenings.

We are very sorry to report that we had one great loss this year in the death of Mr. William White. He was elected a library trustee in 1942; sixteen years ago and had faithfully attended all board meetings and worked hard in the interests of the library. We shall miss him. Mr. William Maynard was elected to fill out Mr. White's term.

Much as we are pleased with the results of the year, there are several things we would like to have, and would like to have you think about. Of course we need an increased budget, the cost of books having gone up greatly. We would like bookcases for our adult and children's reading rooms, in order to have more room in the stacks. Also we would like to see the school bus bring school children down regularly to the library. In this way, they would learn to use the library and have the satisfaction of seeking out their own books.

The library staff looks forward to the year of 1959 as one of expanding service and a great challenge. Please come in and see what we can offer you. As one wise man said,

"Reading can never be a substitute for living; but reading can enormously enlarge the range of our living by bringing us into contact with people, real and imaginary, we never could meet, by awakening and deepening our emotions, lending new meaning to our

own experiences, and by giving us most of the facts and ideas without which we could not work or talk or think.”

Respectfully submitted,

BARBARA K. HOWE,
Librarian.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Bow:

It is with pleasure that I submit my first annual report as your superintendent.

Enrollment

Elementary enrollment has remained fairly constant during the past several years, and the pupil-teacher ratio in our single grades averages about 25. This number has long been accepted as the ideal class size. Very few schools in the country today can equal either of these accomplishments. In addition, there are 75 tuition students in the high schools of Concord, Manchester and Pembroke.

Faculty

It is a pleasure to report no changes in the staff for this year. A stable faculty is important to the success of any school system as it requires time for a teacher to become acclimated before he may give a full capacity of teacher efficiency. A town fortunate enough to possess an efficient staff should endeavor to maintain this essential group. I am pleased to report that suitable salary increments have been provided.

Accomplishments

Much has been accomplished this past half year. The employment of Mr. Spiro Anastos as a Helping Teacher on a Union Basis has been a factor in bring about correla-

tion and improved teaching efficiency on all grade levels. Adequate instructional tools have been provided for our students in order to correct existing deficiencies and the new budget includes more facilities which are still needed. A routine standardized testing program has been established which will aid in evaluating our students' work and the curriculum. The teachers are in the process of studying and evaluating the curriculum and it is hoped that curriculum guides in all subjects and in each grade will be in every teacher's hands a year from this fall, as an aid to more efficient teaching.

In addition, the School Board has engaged Mrs. Dorothy Saltmarsh as a remedial reading teacher and provisions for the continuation of this important service are included in the new budget.

Presently, Bow is the only town in the Union offering speech therapy to its pupils. In this, my first report, may I commend the citizens for their fine adequate and practically debt free building! Bow indeed is in an enviable situation.

Our Needs

Our educational goal and one that all the districts in the Union are working on, is the improvement of our curriculum in order to give our children as fine an education as we are willing to support. The curriculum guides previously mentioned in this report will assist in this area and will better enable us to adopt the level of work to the individual's ability and needs.

May I take the opportunity to thank the School Board and citizens of Bow for their cooperation and I hope that we will merit your continued interest, cooperation and support in the future.

Respectfully submitted,

CHARLES H. MINNICH,
Superintendent of Schools
